

# ***For the love of FoCo***

**A beautiful lake, a stunning mountain view, plentiful wildlife, lovely trails and parks, great schools, low crime, nice shops and restaurants, an exceptional quality of life**

These are some of the reasons we call Forsyth County home, but without attention to how we handle household hazardous waste, any of these positive attributes could be at risk.

***Join us!***

*Imagine the difference  
your \$2000 Household Hazardous  
Waste Event donation could make*

## WATER CHAMPION

Help us recycle or properly dispose of 1300 gallons of oil based paint that could otherwise contaminate local waterways and adversely affect the cleaning and filtering process at waste water treatment plants.

Chattahoochee Point Park

## WILDLIFE CHAMPION

Help us keep 46 tons of household hazardous waste from negatively impacting the water, land, and air that wildlife depend upon to survive.

South Forsyth residence

## NATURAL RESOURCES

Help us prevent 23,000 pounds of electronics from ending up in the landfill. Electronics contain valuable materials such as copper, gold, and palladium which when recycled, decrease the need to mine for new metals.

Eagle Point Landfill

## LAND CHAMPION

Help us recycle 280 gallons of motor oil. Improperly disposed oil can leach into the ground and contaminate our soil.

Old Federal Road

*All amounts are averages from the past  
4 Household Hazardous Waste events.*

# HOUSEHOLD HAZARDOUS WASTE EVENT SPONSORSHIP

*Our Mission: to engage citizens in beautification, litter reduction, water quality, and recycling through education and community involvement.*

## \$2000 DONOR *receives:*

- Logo on Fairgrounds Bridge digital display
- Logo on Sponsor Banner at event entrance/exit
- Logo on event e-ticket page and e-flyer
- Logo on KFCB website
- Recognition on social media and in local press

**Donations of less than \$2000 are also welcome.**

**Donations help cover:  
lunch for volunteers,  
police presence, portable  
restrooms, and general  
event costs.**
